Index to Volume XXXVII

The volume is indexed by SUBJECTS, AUTHORS, REVIEWS—BOOKS, and REVIEWS—AUDIO-VISUALS, in that order.

SUBJECTS

Adoption
Follow-up study of children adopted when older: criteria of success, 530

Alcoholism
Treatment of the female alcoholic: the former prisoner, 932

American Orthopsychiatric Association
Business meeting, 994
Eliot H. Rodnick, AOA's president for 1967–68, 447
Orthopsychiatry and education, 836

Brain Chemistry
New developments in brain chemistry: catecholamine metabolism and the action of psychotropic drugs, 864

Casework Tactics
On duplicity in the interview, 568

Cerebral Palsy
A fourteen-year follow-up study of cerebral palsy: intellectual change and stability, 540

Children
American children and families in overseas communities, 787
Brief intervention as a preventive force in disorders in early childhood, 697
Child Development Group of Mississippi: a hot sector of the quiet front in the war on poverty, 139
Experimental reading program for neurologically impaired, mentally retarded, and severely emotionally disturbed children, 35
Failure to thrive in the "neglected" child, 680
Follow-up study of children adopted when older: criteria of success, 530
Fourteen-year follow-up study of cerebral palsy: intellectual change and stability, 540
How surviving parents handled their young children's adaptation to the crisis of loss, 753
Longitudinal study of early social behavior and cognitive development, 691
Nursery school behavior and later school adjustment, 725
Operant conditioning techniques applied in the treatment of an autistic child, 30
Prevention and detection of emotional disturbances in preschool children, 719
Project to teach learning skills to disturbed, delinquent children, 558
Psychosocial factors in phenylketonuria, 671
Psychotic reactions of childhood: a follow-up study, 521
Quest for identity: treatment of disturbed Negro children in a predominantly white treatment center, 71
Reading disability: teaching through stimulation of deficit perceptual areas, 744
Six-year experience with nontraditional methods in a child clinic setting, 56
Social class and mental illness in children: the question of childhood psychosis, 548
Speech training or language acquisition? A distinction when speech training is taught by operant conditioning, 49
Therapeutic nursery as an aid in the diagnosis of delayed language development, 963
Therapeutic strategies with school phobics, 64
Training the preschool retarded child in focusing attention: a program for parents, 732
Treatment of the deprived child in a community mental health clinic, 87
What is the optimal learning environment for the young child?, 8

Clinic Operation
Approach to waiting list therapy groups, 594
Quest for identity: treatment of disturbed Negro children in a predominantly white treatment center, 71
Six-year experience with nontraditional methods in a child clinic setting, 56
Social functions of psychological interpretations, 956
Treatment of the deprived child in a community mental health clinic, 87

Community Mental Health
Child Development Group of Mississippi: a hot sector of the quiet front in the war on poverty, 139
Confidentiality in the community mental health center, 946
Development of physicians for public mental health, 469

How long, oh Lord, how long? A proposal for the extension of day-care programs, 4
Obstacles to the development of community mental health centers, 758
Psychiatric council: applied psychiatry in an antipoverty program, 495
Role of the indigenous nonprofessional in a community mental health neighborhood service center program, 766
Sociopsychiatric treatment of disadvantaged psychotic adults, 93
Tavern culture: the sustenance of homeless men, 938
Treatment of the deprived child in a community mental health clinic, 87

Confidentiality
Confidentiality in the community mental health center, 946
Policy on confidentiality, 638

Disadvantaged
Child Development Group of Mississippi: a hot sector of the quiet front in the war on poverty, 139
Group decision-making in an apprenticeship program for youth, 101
How long, oh Lord, how long? A proposal for the extension of day-care programs, 4
Job training for dropouts, 779
Project to teach learning skills to disturbed, delinquent children, 558
Psychiatric council: applied psychiatry in an antipoverty program, 495
Quest for identity: treatment of disturbed Negro children in a predominantly white treatment center, 71
Role of the indigenous nonprofessional in a community mental health neighborhood service center program, 766
Sociopsychiatric treatment of disadvantaged psychotic adults, 93
Techniques for working with disorganized low socioeconomic families, 880
Treatment of the deprived child in a community mental health clinic, 87
Verbal accessibility and fusion fantasy in a mountain county, 651
See also Social Class and Mental Health.

Drugs
New developments in brain chemistry: catecholamine metabolism and the action of psychotropic drugs, 864

Education
Job training for dropouts, 779
Mental health, the educational process, and the schools, 1
Orthopsychiatry and education, 836
School in a changing society: notes on the development of strategies for solving educational problems, 843

Families
American children and families in overseas communities, 787
Family diagnosis and therapy using videotape playback, 900
Family therapy: a critical assessment, 912
How surviving parents handled their young children's adaptation to the crisis of loss, 753
Investigation into the nature of the patient-family therapy group, 888
Teaching family dynamics to medical students, 906
Techniques for working with disorganized low socioeconomic families, 880

In Memoriam
J. Franklin Robinson, M.D., 146

Insurance Practices
Influence of insurance carriers in determining professional practice; discussion; and reply, 580

Language Development
Speech training or language acquisition? A distinction when speech training is taught by operant conditioning procedures, 49
Therapeutic nursery as an aid in the diagnosis of delayed language development, 963

Law
Law and social experimentation, 661
New chapter in the history of mental illness, 455

Learning
Experimental reading program for neurologically impaired, mentally retarded, and severely emotionally disturbed children, 35
Longitudinal study of early social behavior and cognitive development, 691
Project to teach learning skills to disturbed, delinquent children, 558
Reading disability: teaching through stimulation of deficit perceptual areas, 744
Speech training or language acquisition? a distinction when speech training is taught by operant conditioning procedures, 49
What is the optimal learning environment for the young child?, 8

Medical Journals
Crisis in communication: the functions and future of medical journals, 507

Mental Health Field
Development of physicians for public mental health, 469
Ideology and science, 643
Interdisciplinary coping, 1007
Mental health is a *social* problem, 832
Need for refinements in the techniques of interdisciplinary hostility for social workers and psychologists, 797
Silence of noise, 451
Too kind to psychiatry?, 638

Mental Retardation
Experimental reading program for neurologically impaired, mentally retarded, and severely emotionally disturbed children, 35
Training the preschool retarded child in focusing attention: a program for parents, 732

Nonprofessional Aides
Group decision-making in an apprenticeship program for youth, 101
Role of the indigenous nonprofessional in a community mental health neighborhood service center program, 766

Operant Conditioning
Operant conditioning techniques applied in the treatment of an autistic child, 30
Speech training or language acquisition? a distinction when speech training is taught by operant conditioning procedures, 49

Peace, and War
Commitment to peace work: II. a closer look at determinants, 112
Psychiatric observations on students demonstrating for peace, 107
Psychological habituation to war: a socio-psychological case study, 457
Viet Nam resolution, 173

Phenylketonuria
Psychosocial factors in phenylketonuria, 671

Population Problems
Population problems, 624

Prevention
Brief intervention as a preventive force in disorders of early childhood, 697
Perils of prevention, 640
Prevention and detection of emotional disturbances in preschool children, 719

Psychiatric Research
On quantifying sensitivity, 834
Operant conditioning techniques applied in the treatment of an autistic child, 30
Psychosocial factors in phenylketonuria, 671
Psychotic reactions of childhood: a follow-up study, 521
Social class and mental illness in children: the question of childhood psychosis, 548

Psychological Research
Longitudinal study of early social behavior and cognitive development, 691
